

Clark County Children and Youth Crisis Collaborative

September 20, 2017, 3-4:30 PM

Meeting minutes

Attendees: Judy, Alicia, Cindy (Molina), Don, Brook (CCS), Dan, Aaron (Clark County), Erin (Protocall), Daphne (IFD), Pat (Children's Center), Tracey (Family Solutions), Eric, Michelle (Juvenile Justice), Daniel (ACH), Sela (CHPW), Denise (ESD112), Sarah, Jeff, Inna (Beacon), Kappy

Agenda

- Introductions
- Executive Summary Review, updates on recommended key action steps, youth mobile crisis
 - Youth mobile crisis (YMCI) procured, awarded to CCS and launched 9/1
 - Team fully staffed: 4 clinicians, 3 Family Partners
 - Calls are coming in, already two youth diverted from the Emergency Department
 - Various community and partner meetings have occurred to share the new service including hospitals, law enforcement, schools. More meetings scheduled
 - YMCI is the front door to Crisis Stabilization program- further review of triaging and articulation of services will be helpful
 - Children/youth outpatient providers plan to continue to maintain their afterhours on call response; families have a choice for support and response
- Crisis systems of Care and Crisis Collaboratives
 - YMCI will need a robust system of care to support effective crisis services including urgent outpatient appointments, quick access to services
 - Crisis Collaborative will meet monthly, following the pattern of the WISE Collaborative; WISE meets every other month 1st Thursday of the month 9-10 AM (Don send invite), Crisis Collab meeting every month 1st Thursday 10-11 (Jeff send invite- location TBD, either Children's Center or Molina)
 - Next WISE Collaborative meeting 10/5, next Crisis Collaborative meeting 11/2
- Review of Crisis Collaborative Charter

Follow up:

- Catholics to send out electronic crisis flier to all members of the collaborative
- Don update WISE collaborative meeting invite; confirm time with Pat
- Jeff send out meeting invite for monthly Crisis Collaborative once location confirmed
- Beacon/Crisis providers to figure out how to develop a list of high utilizers and to develop interventions
 - need to set a threshold definition of "high utilizer"
 - could use beacon claims data
- Denise to find out mechanism for automatic 911 alert to district
- Revisit conversation with Oak Bridge about collaborating with youth mobile crisis team for "respite" and introduce YMCI as a resource
